

Privacy Policy

Privacy of our customers is a major concern of ours and we make sure to comply with every needed legislation regarding user and data privacy.

No data is collected unless is needed for the correctly function of the system.

Information we collect

Information that we collect are strictly for business operation and platform monitoring, we use 3rd party services that ensure a continuous service of our platform and they also log some user data but is all anonymized.

We only use your information to provision your account on our network and to contact you with information related to your subscriptions with us.

Cookies

We only use cookies for the dashboard and authentication.

Our 3rd party services use them to log and monitor user behavior to prevent spam or attack like DDoS.

Logs

We log user activity such as logins attempts, user access and behavior inside the dashboard.

All this data doesn't correlate directly to a specific identity.

Like any online activity, we need to log certain technical information in order to maintain our network up and running, prevent fraud and cyber-attacks, and provide the customer with a first rate experience.

We do everything that is technically and legally possible to ensure we only hold the bare minimum of technical information needed to securely run our platform, provision our users, and prevent fraud and criminal activity. Your private information is your property.

Changes to This Policy

The policy is subject to periodically updates.

Any update will be immediately communicated to the registered users. Your continued use of our website and services signals your acceptance of these changes.

Contact

Please feel free to contact us if you have any questions about this Privacy Policy or our information practices with respect to personal data.

You may contact us by sending an e-mail to support@os.university
