7.17. The number of EDU Tokens allowed for purchase by one User is not limited.

7.18. When will start each stage of The EDU Tokens Sale on the Website, RECHAINED would publish an offer to sell EDU Tokens to potential, eligible Users. This offer is considered a legally binding offer of the RECHAINED to sell EDU Tokens.

7.19. The Offer shall be available only at this Website. Any other offers concerning EDU Tokens Sale presented on any other websites or internet resources shall be considered null and void and shall not put any obligations upon the RECHAINED.

7.20. Legally binding acceptance of the offer shall be conducted by an eligible User on the Website by clicking on the respective button on the Website. From this moment the offer shall be considered formally accepted by the respective User and the User shall be obliged to pay the price of the respective amount of EDU Tokens (at the condition that the respective User complies with the eligibility requirements set forth by RECHAINED). Offer acceptance by eligible User shall be deemed irrevocable.

7.21. RECHAINED reserve the right to refuse or cancel EDU Token purchase requests at any time in its sole discretion

7.22. User must pay the full purchase price immediately at the time of his/her purchase of the EDU Tokens, by sending the amount of ETH representing the purchase price to the send address provided to him/her during the purchase. If User fails to make such payment, RECHAINED reserves the right to declare these Terms void, by providing written notice to you and refusing to accept your payment of the purchase price.

7.23. The payment of EDU Tokens must be conducted by the User in ETH. RECHAINED do not accept fiat currency as payment for EDU Tokens.

7.24. To purchase EDU Tokens the User shall only send ETH from his/her personal Ethereum address wallet (hardware wallet for which User controls the private key), in the amount which is commensurate to the amount of the EDU Tokens the User is willing to

receive for such payment. It is prohibited to send ETH to purchase EDU Tokens from any cryptocurrency exchanges. User undertakes to control solely the address and/or the cryptocurrency wallet used for the EDU Tokens Sale contribution, shall not act on behalf of any third party and shall not transfer the control of the mentioned address or wallet to any third party.

7.25. User is not entitled to send any funds to purchase EDU Tokens until each stage of the EDU Tokens Sale has officially begun. User is not entitled to send any funds to purchase EDU Tokens upon ending of the respective EDU Tokens Sale stage.

7.26. The amount of EDU Tokens to be provided to a User shall be specified in User's registered Account on the Website upon completion of EDU Tokens purchase by the User. The EDU Tokens shall be sent to the User's personal respective cryptocurrency wallet after EDU Tokens Sale distribution phase.

7.27. The purchase of the EDU Tokens by the User from RECHAINED is final, and, thus, there are no refunds and/or cancellations, except as expressly provided in these Terms or as may be required by applicable law or regulation.

7.28. RECHAINED will monitor all potential transactions for fraudulent attempts to double spend ETH. Any detected double spend of ETH will result in no EDU Tokens being delivered to the associated User.

7.29. The transactions on purchase of EDU Tokens shall be stored on Blockchain and available for reference and check.

7.30. RECHAINED shall not store the EDU Tokens on User's behalf. Any EDU Tokens shall be stored on the User's own cryptocurrency wallet.

7.31. RECHAINED do not have any access to any passwords of User's cryptocurrency wallet.

7.32. By purchasing EDU Tokens, and to the extent permitted by applicable law, the User agrees not to hold RECHAINED liable for any losses or any special, incidental, or consequential damages arising out of, or in any way connected to, User's failure to secure its account and/or its cryptocurrency wallet.

7.33. User is responsible for implementing reasonable measures for securing the cryptocurrency Wallet and any other wallet, vault or other storage mechanism he/she use to receive and hold EDU Tokens purchased from RECHAINED, including any requisite private key(s) or other credentials necessary to access such storage mechanism(s). If

User's private key(s) or other access credentials are lost, User may lose access to his/her EDU Tokens. Notwithstanding any other provision of these Terms, RECHAINED shall not be responsible or liable for any damages, losses, costs, penalties, fines or expenses arising out of or relating to:

(i) User's failure to implement reasonable measures to secure the wallet, vault or other storage mechanism you use to receive and hold EDU Tokens or the relevant access credentials; or

(ii) the loss of or unauthorized use of any of User's access credentials.

7.34. Ownership rights for EDU Tokens shall be transferred from RECHAINED to the respective eligible User upon completion of the payment procedure.

7.35. Ownership rights for ETH contributed by a User shall be transferred to RECHAINED upon completion of respective payment procedure. Any ETH might be converted by RECHAINED into fiat currency at any time.

7.36. The EDU Tokens are not consumer products and their Users accept explicitly and agree to it that they are not covered by the consumer protection regulation of any jurisdiction. □

8. CERTAIN RISKS RELATING TO EDU TOKENS

8.1. You understand that Digital Assets, the Platform, EDU Tokens, blockchain technology, Ethereum, Ether and other associated and related technologies are new and untested and outside of RECHAINED's exclusive control and adverse changes in market forces or the technology, broadly construed, will excuse RECHAINED's performance under these Terms.

8.2. The EDU Tokens and the Platform are provided "as is". We make no representations or warranties of any kind, whether express, implied, statutory or otherwise regarding the EDU Tokens, including any warranty that the EDU Tokens will be uninterrupted, error free or free of harmful components, secure or not otherwise lost or damaged. Except to the extent prohibited by law, we disclaim all warranties, including any implied warranties of merchantability, satisfactory quality, fitness for a particular purpose, non-infringement, or quiet enjoyment, and any warranties arising out of any course of dealing or usage of trade. □

8.3. In addition to the above, You also acknowledge that You have been warned of the following risks, associated with the Website, the Digital Assets, the EDU Tokens, the Platform and other relevant technologies mentioned herein.

8.4. There is a risk that in some jurisdictions the EDU Tokens and other digital assets might be considered to be a security, or that it might be considered to be a security in the future. RECHAINED does not give warranties or guarantees that EDU Tokens are not a security in all jurisdictions. Each user of EDU Tokens shall bear its own legal or financial consequences of EDU Tokens being considered a security in their respective jurisdiction. Every user is bound to check if acquisition and disposal of EDU Tokens is legal in its jurisdiction, and by accepting these Terms each user undertakes not to use EDU Tokens should their use not be legal in the relevant jurisdiction. If a user establishes that the use of EDU Token under these Terms is not legal in its jurisdiction, it should not use the EDU Token, not acquire them and should immediately stop using or possessing them if such case arises.

Acquiring cryptographic tokens in possession and exchanging them for other cryptographic tokens will most likely continue to be scrutinized by various regulatory bodies around the world, which has so far given mixed reactions and regulatory impact. The legal ability of RECHAINED to provide EDU Tokens and the Platform in some jurisdictions may be eliminated by future regulation or legal actions. In the event, it turns out with a high degree certainty that EDU Tokens are not legal in certain jurisdiction, RECHAINED will either cease operations in that jurisdiction, or adjust EDU Tokens and the Platform in a way to comply with the regulation should that be possible and viable.

8.5. The tax characterization of EDU Tokens is uncertain. You must seek your own tax advice in connection with purchasing EDU Tokens, which may result in adverse tax consequences to you, including withholding taxes, income taxes and tax reporting requirements.

8.6. The EDU Tokens are intended to be used solely within the Ecosystem, and RECHAINED will not support or otherwise facilitate any secondary trading or external valuation of EDU Tokens. This restricts the contemplated avenues for using EDU Tokens to the provision or receipt of services, and could therefore create illiquidity risk with respect to the EDU Tokens You own. Even if secondary trading of EDU Tokens is facilitated by third party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to fraud or manipulation. Furthermore, to the extent that third-parties do ascribe an external

exchange value to EDU Tokens (e.g., as denominated in a digital or fiat currency), such value may be extremely volatile and diminish to zero.

8.7. Even though there are currently online services available, which enable the possibility of exchange of cryptographic tokens (as EDU Tokens) between themselves, and also, some of them enable exchange of cryptographic tokens for fiat money, there are no warranties and/or guarantees given that EDU Tokens will be listed or made available for exchange for other cryptographic tokens and/or fiat money, and no guarantees are given whatsoever with the capacity (volume) of such potential exchange. It shall be explicitly cautioned, that such exchange, if any, might be subject to poorly-understood regulatory oversight, and RECHAINED does not give any warranties in regard to any exchange services providers. Users might be exposed to fraud and failure. In any case, RECHAINED will not enable exchange of EDU Tokens for other cryptographic tokens or for fiat currency. User may not at any given time be able to acquire or dispose of its EDU Tokens due to lack of liquidity.

8.8. Value of EDU Tokens may fluctuate and their users might suffer loss in value of such acquired tokens. There might be different reasons that would cause unfavourable fluctuations of the value of the EDU Tokens.

8.9. EDU Tokens are unlike bank accounts or accounts at some other financial institutions entirely uninsured.

8.10. There is a risk that the Website and EDU Tokens may unintentionally include weaknesses or bugs in the source code interfering with the use of or causing the loss of EDU Tokens.

8.11. It is possible that RECHAINED, EDU Tokens or Platform will not be used by a large number of individuals, businesses and other organizations and that there will be limited public interest in the creation and development of its functionalities. Such a lack of interest could impact the development of the Platform.

8.12. The Platform is currently under development and may undergo significant changes before release. Your expectations regarding the form and functionality of the Platform and EDU Tokens may not be met upon release of Website, deployment of the Platform, additional products and services for any number of reasons, including a change in the design and implementation plans and execution of the implementation of EDU Tokens.

8.13. There is a risk that due to different reasons the Platform may never be released and operational, even though RECHAINED will make reasonable efforts to complete and deploy it.

8.14. You acknowledge that there are risks associated with using the EDU Tokens including, but not limited to, the failure of hardware, software, and Internet connections. You acknowledge that RECHAINED shall not be responsible for any communication failures, disruptions, errors, distortions or delays You may experience when using the Website and EDU Tokens, howsoever caused.

8.15. It is possible that alternative ecosystems could be established that utilize the same open source code and protocol underlying this ecosystem and attempt to facilitate services that are materially similar to the services. The ecosystem may compete with these alternatives, which could negatively impact the ecosystem and EDU Tokens, including the utility of the EDU Tokens for obtaining services.

8.16. The ecosystem is still under development and may undergo significant changes over time. Although RECHAINED intends for the EDU Tokens and ecosystem to function as described in these Terms and the Whitepaper, and intends to take commercially reasonable steps toward those ends, RECHAINED may have to make changes to the specifications of the EDU Tokens or ecosystem for any number of legitimate reasons. Moreover, RECHAINED has no control over how other participants will use the ecosystem, what products or services will be offered through the ecosystem by third parties, or how third-party products and services will utilize EDU Tokens (if at all). This could create the risk that the EDU Tokens or ecosystem, as further developed and maintained, may not meet your expectations at the time of purchase. Furthermore, despite RECHAINED's good faith efforts to develop and participate in the ecosystem, it is still possible that the ecosystem will experience malfunctions or otherwise fail to be adequately developed or maintained, which may negatively impact the ecosystem and EDU Tokens, and the potential utility of the EDU Tokens, including the utility of the EDU Tokens for obtaining services.

8.17. It is possible that, due to any number of reasons, including, but not limited to, an unfavorable fluctuation in the value of ETH (or other cryptographic and fiat currencies), decrease in the EDU Tokens' utility (including their utility for obtaining services), the failure of commercial relationships, or intellectual property ownership challenges, the ecosystem may no longer be viable to operate or RECHAINED may dissolve.

8.18. The success of the ecosystem, services, and EDU Tokens is dependent in large part to the adoption of the ecosystem, services, and underlying technology by real property land registration systems, many of which are governmental or quasi-governmental authorities. It is possible that real property land registration systems do not adopt or use the ecosystem. Such lack of use or interest could negatively impact the development of the Ecosystem and therefore the potential utility of the EDU Tokens, including the utility of the EDU Tokens for obtaining services.

8.19. RECHAINED is a young company and the growth of the team and its capabilities may take longer than expected to result in the intended usefulness for the EDU Tokens. The EDU Tokens are just one product in a highly competitive market, and broad adoption by other users and developments by technology partners may take longer than expected. The usefulness of the EDU Tokens depends on the extent of widespread adoption of the offered technology by the marketplace.

8.20. The EDU Tokens are intended to represent a new capability on emerging technology that is not fully proven in use. As the technology matures, new capabilities may dramatically alter the usefulness of the EDU Tokens or the ability to use or sell them. The functionality of the EDU Tokens is complex, will require enhancements and product support over time, and full functionality may take longer than expected. The full functionality of the EDU Tokens is not yet complete and no assurance can be provided of such completion.

8.21. Hackers or other groups or organizations may attempt to interfere with Your Third-party Wallet, the Website or the availability of EDU Tokens and ETH in any number of ways, including without limitation denial of service attacks, Sybil attacks, spoofing, smurfing, malware attacks, or consensus-based attacks.

8.22. EDU Tokens are based on the Ethereum blockchain. As such, any malfunction, unintended function or unexpected functioning of the Ethereum protocol may cause the EDU Tokens to malfunction or function in an unexpected or unintended manner. Ether, the native unit of account of the Ethereum may itself lose value in ways similar to EDU Tokens, and also other ways.

8.23. Blockchain technologies have been the subject of scrutiny by various regulatory bodies around the world. The functioning of the Ethereum network and associated blockchain networks and digital assets and EDU Tokens could be impacted by one or more regulatory inquiries or actions, including but not limited to restrictions on the use or

possession of digital tokens like EDU Tokens, which could impede or limit their existence, permissibility of their use and possession, and their value.

8.24. Advances in cryptography, or technical advances such as the development of quantum computers, could present risks to cryptocurrencies, Ethereum, EDU Tokens, the Platform, which could result in the theft or loss of EDU Tokens.

8.25. As with other decentralized cryptocurrencies, Ethereum blockchain, which is used for the EDU Tokens, is susceptible to mining attacks, including but not limited to double-spend attacks, majority mining power attacks, “selfish-mining” attacks, and race condition attacks. Any successful attacks present a risk to the EDU Tokens, expected proper execution and sequencing of EDU Tokens, and expected proper execution and sequencing of Ethereum contract computations in general. Despite the efforts of RECHAINED and Ethereum Foundation, the risk of known or novel mining attacks exists. Mining Attacks, as described above, may also target other blockchain networks, with which the EDU Tokens interact with and consequently the EDU Tokens may be impacted also in that way to the extent, described above.

8.26. It is possible that the Ethereum network or any other network, to which the EDU Tokens are interacting with, malfunctions in an unfavourable way, including but not limited to one that results in the loss of EDU Tokens.

8.27. Cryptocurrencies and blockchains are new and untested technology. In addition to the risks set forth here, there are risks that Hive cannot foresee and it is unreasonable to believe that such risks could have been foreseeable. Risks may further materialize as unanticipated.

8.28. If the value of ETH fluctuates unfavorably during or after the EDU Token Sale, RECHAINED team may not be able to fund development, or may not be able to develop or maintain the ecosystem in the manner that it intended. In addition to the usual market forces, there are several potential events which could exacerbate the risk of unfavorable fluctuation in the value of ETH, including another DAO-like attack on the Ethereum network, or significant security incidents or market irregularities at one or more of the major cryptocurrency exchanges.

8.29. Cryptographic tokens such as the EDU Tokens are a new and untested technology. In addition to the risks included in these Terms and the Whitepaper there are other risks associated with your purchase, possession, and use of the EDU Tokens, including unanticipated risks. Such risks may further materialize as unanticipated variations or

combinations of the risks discussed in these Terms.

9. TAXES

9.1. All Your factual and potential tax obligations are Your concern and RECHAINED is not in any case and under no conditions bound to compensate for Your tax obligation or give You any advice related to tax issues, including but not limited what kind of filing or reporting You need to do with the competent tax authority, which taxes and to which extent You are obliged to pay, which tax exemptions You are eligible to etc.

9.2. Any amounts that you pay for EDU Tokens are exclusive of all applicable taxes. You are responsible for determining what, if any, taxes apply to your purchase of EDU Tokens. It is your responsibility to withhold, collect, report and remit the correct taxes to the appropriate tax authorities.

9.3. By purchasing EDU Tokens, and to the extent permitted by law, You agree to be solely responsible for any applicable taxes imposed on, and agree not to hold RECHAINED liable for any tax liability associated with or arising from the purchase of EDU Tokens. You hereby agree to fully indemnify, defend and hold RECHAINED harmless from any and all claims, demands, damages, awards, fines, costs, expenses and liability in any way associated with the foregoing obligations or otherwise with respect to any claim, demand or allegation of any tax in any way associated with these Terms, the EDU Token Sale, EDU Token and usage of EDU Token.

9.4. All fees and charges payable by You are exclusive of any taxes, and shall certain taxes be applicable, they shall be added on top of the payable amounts.

9.5. Upon the RECHAINED's request (if there is any request), You will provide it any information it reasonably requests to determine whether it is obligated to collect VAT from You, including Your VAT identification number. If any deduction or withholding is required by law, You will notify RECHAINED and will pay RECHAINED any additional amounts necessary to ensure that the net amount that RECHAINED receives, after any deduction and withholding, equals the amount RECHAINED would have received if no deduction or withholding had been required. Additionally, You will provide RECHAINED with documentation showing that the withheld and deducted amounts have been paid to the relevant taxing authority.

10. FINANCIAL REGULATION AND COOPERATION WITH LEGAL AUTHORITIES AND AUTHORIZED FINANCIAL INSTITUTIONS AND REGULATORS

10.1. The EDU Tokens and the Platform are unregulated. RECHAINED is not a financial institution and is currently not under supervision of any financial supervisory authority. 11.1. RECHAINED and its respective officers, employees or agents will in regard to the Website, the Platform and EDU Tokens not be liable to You or anyone else for any damages of any kind, including, but not limited to, direct, consequential, incidental, special or indirect damages (including but not limited to lost profits, trading losses or damages that result from use or loss of use of this Website, Platform and EDU Tokens), even if RECHAINED has been advised of the possibility of such damages or losses, including, without limitation, from the use or attempted use of EDU Tokens, the Website or the Platform.

11.2. Further, neither RECHAINED nor any of our licensors will be responsible for any compensation, reimbursement, or damages arising in connection with:

11.3. You waive Your right to demand the return of any cryptographic tokens You exchanged with us for the purpose of acquiring EDU Tokens, including, without limitation, a demand for specific performance.

11.4. You will defend, indemnify, and hold harmless us and licensors, and each of our respective employees, officers, directors, and representatives from and against any claims, damages, losses, liabilities, costs, and expenses (including reasonable attorney fees) arising out of or relating to any third-party claim concerning these Terms or Your use of the Website, the Platform and EDU Tokens contrary to these Terms. If we are obligated to respond to a third-party subpoena or other compulsory legal order or process described above, You will also reimburse us for reasonable attorney fees, as well as our employees' and contractors' time and materials spent responding to the third-party subpoena or other compulsory legal order or process at reasonable hourly rates.

11.5. The information, software, products, and services included in or available through the Website and the Platform may include inaccuracies or typographical errors. Changes are periodically added to the information herein. RECHAINED and/or its suppliers may make improvements and/or changes to the Website and the Platform at any time. RECHAINED makes no representations about the suitability, reliability, availability, timeliness, and accuracy of the to the Website, the Platform, EDU Tokens, information, software, products, services and related graphics contained on the Website for any purpose. You may not use the Platform or HVN tokens in any manner that could damage, disable, overburden, or impair the Platform, HVN tokens or the Website. □

12.2. You may not use your EDU Token to engage in the following categories of prohibited activity and you confirm that you will not use EDU Token to do any of the following:

- (i)** engage in a transaction involving the proceeds of any unlawful activity;

16. FORCE MAJEURE

16.1. RECHAINED shall not be liable in any way for delays, failure in performance or interruption of service which result directly or indirectly from any cause or condition beyond our reasonable control, including but not limited to, any delay or failure due to any act of God, act of civil or military authorities, act of terrorism, civil disturbance, war, strike or other labor dispute, fire, interruption in telecommunications of Internet services or network provider services, failure of equipment and/or software, other catastrophe or any other occurrence which is beyond our reasonable control and shall not affect the validity of enforceability of any remaining provisions.
